## **Mission Statement**

**N**ot unlike the modern day athlete, the spirit of open skills competition challenges today's academic, career and technical education students. Instead of competing on the field or track, the Clackamas Regional Skills Competition is providing tomorrow's citizens with the opportunity to demonstrate the skills and knowledge they have learned in school and will be applying in tomorrow's world.

For these and other reasons the Clackamas Regional Skills Competition is a functional part of the educational process:

- The event **PROMOTES** the transition from secondary to post-secondary education.
- The event **PROVIDES** the student an opportunity that may assist his/her future decision making.
- The event **DEMONSTRATES** an educational product to the tax payers, parents, and the community.
- The event **INVOLVES** industry and the public with the educational process.
- The event **BUILDS** and **CHALLENGES** professional improvement.
- The event **YIELDS LEADERSHIP** and expresses cooperation among the residents of Clackamas County.

The Clackamas Regional Skills Competition is to some a test, to some a trial, to some an opportunity, but to everyone the event is a realistic experience.

## **Event Coordinators**

## 2012 GENERAL RULES

- Participants must be currently enrolled in a high school, alternative school or home school program and of typical high school age.
- Participants must be authorized for entry by the local high school or alternative school.
- Participants must meet the qualifications set forth in each competition.
- Competitions will begin promptly at 9:00 a.m., unless otherwise specified.
- The number of entries allowed per school will vary. The individual contest chairperson will determine maximum contest limits.
- There must be at least two different schools entered in order to run each contest. In the event there are too few participants, the contest may be canceled or the number of students placing for tuition waivers or prizes may be adjusted.
- Contestants or teams must work independently without assistance from judges, teachers, fellow students, or observers. Contestants may be disqualified for receiving such assistance.
- The judges will make interpretations of all contest rules, and their decisions will be final.
- Chaperoning of all persons attending this conference is required and is the responsibility of the local school.
- Picture taking can only be done with the permission of the competition supervisor.
- It is important to supply name and home address for each student. This information is used by Clackamas Community College only.
- THERE WILL BE NO TIES! In the event of a tie, each contest chairperson has predetermined criteria to determine a winner.
- In the event of CCC closure or late opening due to inclement weather, the skills contest will be cancelled and not be rescheduled in its entirety. However, departments may choose to reschedule individual competitions. Information regarding closure can be found at [www.clackamas.edu](http://www.clackamas.edu) or [www.techcadre.com/skills2012](http://www.techcadre.com/skills2012). In the event of closure, rescheduling information will be posted at [www.techcadre.com/skills2012](http://www.techcadre.com/skills2012).

**NOTE: Results of the Clackamas Regional Skills Competition will be posted on the website ([www.techcadre.com/skills2012](http://www.techcadre.com/skills2012)) after 1:00 p.m. on Friday, February 24. Please Contact Your High School Contact For Results.**

9:00 a.m.-1:00 p.m. .... Competition in designated area

**NOTE:** Results of the Clackamas Regional Skills Competition will be posted on the website ([www.techcadre.com/skills2012](http://www.techcadre.com/skills2012) after 1:00 p.m. on Friday, February 24. Please Contact Your High School Contact (See Page 5) For Results.

- **Registration**

Registration information on each skills competition will be mailed to your high school contact person. For further information, please call the chairperson designated for the competition or one of the general coordinators.

- **On Skills Day**

Registered participants need to arrive on time to assure they are able to participate in the event. Contest times and locations are in the book. There is a map on the inside front cover.

- **Tuition Waivers/Prizes**

Clackamas Community College is again pleased to provide tuition waivers for the top three winners in each contest (as defined in the booklet) who are Clackamas County residents. The following guidelines apply:

1. The top three winners of each individual/team skills contest will receive a partial CCC tuition waiver for each contest won. (1<sup>st</sup> place 12 credits, 2<sup>nd</sup> place 8 credits, 3<sup>rd</sup> place 4 credits.)
2. The student may utilize the tuition waiver during any term from the time it is awarded through the year following his/her high school graduation.
3. A statement of approval from the appropriate school district must accompany a student's request to use the skills contest tuition waiver if the student has not graduated from high school.

Please note: Not all competitions qualify for tuition waivers. Each contest page specifies what type of awards will be given.

Clackamas Regional Skills Competition top three winners will be contacted by the Clackamas Community College Financial Aid Office concerning the tuition waiver. If winners have additional questions, they may contact the Student Financial Services Office by email at [finaid@clackamas.edu](mailto:finaid@clackamas.edu) or by calling 503-594-3421.

### **Awards**

**Prize based contests:** Students placing in prize based contests will have their prizes sent to their school for distribution.

**Tuition waiver based contests:** An awards recognition ceremony is planned for 1st, 2nd and 3rd place finishers and their guests on the evening of **Monday, March 19, 2012**. Invitations with more details will be sent to award winners.

# CHEMISTRY - INORGANIC

Nick Hamel, Instructor, 503-594-3353  
Clackamas Community College

Area	Time	Room
Qualitative Analysis	9:45 - 11:00	Pauling Center 161

- **Official Rules**

1. The competition is limited to twelve teams of two students each, one team per school. Pre-registration is required.
2. Each team will be given six numbered dropper bottles, each containing an aqueous solution of an ionic compound, an acid, a base, or distilled water, and a list of the six compounds. Solutions, once used up, will not be replenished. Each team will also be supplied with pH paper, a squeeze bottle of distilled water, and a spot plate (a team may choose to use test tubes, which will also be available). The object of the contest is to identify the contents of each of the six dropper bottles in the shortest time.

Teams are required to bring their own safety glasses, which must be worn during the competition, but may bring no additional equipment or chemicals. Teams should also bring any references (texts, handbooks, solubility charts, etc.) they need. None will be supplied at the contest site.

Possible compounds are: the nitrate salts of aluminum, silver, barium, lead(II), iron(III), and zinc; the chloride salts of ammonium, barium, potassium, and sodium; sodium carbonate; sodium sulfate; ammonium, potassium, and sodium hydroxide; hydrochloric, nitric, and sulfuric acids; and distilled water.

Orientation and set-up will begin at 9:45 a.m. and the timed competition begins promptly at 10:00 a.m. The maximum time allowed will be 60 minutes.

Each team's score will be the number of minutes required to complete the identification plus a 5 minute penalty for each unidentified or incorrectly identified dropper bottle. Time begins at 10:00 a.m. and ends when the team's answer sheet is received by the judge. As in golf, the lowest score wins.

Teams may not receive help from the judge, fellow students, teachers, etc. Violators will be disqualified.

Instructions for disposal of chemicals will be provided. Once a team has turned in its answer sheet, it must then dispose of wastes properly and clean up its work area for the entry to qualify.

**Team Tuition Waivers Awarded** - First, Second, Third.

# CHEMISTRY - ORGANIC

Nick Hamel, Instructor, 503-594-3353  
Clackamas Community College

Area	Time	Room
Organic Models and Structures	12:00 - 1:15	Pauling Center 161

- **Official Rules**

1. The competition is limited to twelve teams of two students each, one team per school. Pre-registration is required.
2. Each team will be provided with a molecular model kit containing atoms and bonding sticks. Teams interpret a line-angle drawing and/or condensed structural drawing to build a completed model using the model kits supplied. Model kits will contain only enough atoms and bonds to build the structure.

Typical compounds will be composed of about 15-20 carbon atoms with hydrogen, oxygen, nitrogen, phosphorous, sulfur, or halogens to make up several common functional groups.

Orientation and set-up will begin at 12:00 p.m, and the timed competition begins promptly at 12:15 p.m. The maximum time allowed will be 60 minutes.

Each team's score will be the number of minutes required to complete the model plus a 2 minute penalty for each incorrectly used or omitted atom or bond. Time begins at 12:15 p.m. and ends when the team's answer sheet is received by the judge. As in golf, the lowest score wins.

Teams may not receive help from the judge, fellow students, teachers, etc. Violators will be disqualified.

**Team Tuition Waivers Awarded** - First, Second, Third.

## COMPUTER SCIENCE – COMPUTER ASSEMBLY

Rich Albers, Instructor, 503-594-3166, richa@clackamas.edu  
Mary Scheufeli, Department Secretary, 503-594-3071, marys@clackamas.edu  
Clackamas Community College

Area	Time	Room
Computer Assembly	9:00-10:30	Streeter Computer Lab

This is an individual contest to properly assemble a computer from parts and get it to boot up and function correctly as quickly as possible. You'll be provided a working computer and the tools necessary to disassemble and re-assemble it. You'll then have 30 minutes to verify it works and disassemble it, making note of how all the parts fit together and connect. Then, the contest will begin. You'll have to assemble the computer **properly** as quickly as possible and verify it boots up to the CMOS configuration screens and works as it should. If anything's amiss (Power or HDD LED doesn't work, etc.) you'll be assessed a significant time penalty and have to correct the problem.

**Registration is required for this event and limited to 12 participants.**

**Individual Tuition Waivers Awarded** - First, Second, Third

## COMPUTER SCIENCE – KNOWLEDGE BOWL

Rick Carino, Instructor, 503-594-3170, rcarino@clackamas.edu  
Mary Scheufeli, Department Secretary, 503-594-3071, marys@clackamas.edu  
Clackamas Community College

Area	Time	Room
Computer Knowledge Bowl	11:00 – 12:30	Streeter Annex 181

This is a knowledge bowl style contest for teams consisting of one to four contestants per team. **Registration is required for this event.** Individual schools may register up to three teams. The competition will consist of a written elimination round where team members will work together to answer a written multiple choice test. The top three teams will move up to the oral round where teams will compete in an interactive contest.

Topics for the questions will include: HTML and website design, computer hardware, networking hardware and software, programming in various languages, computer pop culture, computer arithmetic, Windows and Linux.

**Team Tuition Waivers Awarded** – First, Second, Third

# COMPUTER SCIENCE – SCAVENGER HUNT

Len Eaton, Instructor, 503-594-3138, lene@clackamas.edu  
 Mary Scheufeli, Department Secretary, 503-594-3071, marys@clackamas.edu  
 Clackamas Community College

Area	Time	Room
Computer Open – Scavenger Hunt	9:00 – 12:00	Streeter Computer Lab

Internet Scavenger Hunt! This is a chance to try your skill (and luck) at searching the World Wide Web for trivia facts, odd information and just a lot of fun. No registration is required for this event.

Stop by the main computer lab in Streeter Hall anytime between 9:00 and 11:30 and be ready to Google your way through the Internet. No one will be allowed to start after 11:30. You will be limited to 45 minutes to complete this event.

**Individual Tuition Waiver Awarded – First**

**Individual Prizes Awarded –Second, Third**

# CRIMINAL JUSTICE

Yvonne Smith, Department Chair, 503-594-3207  
 Lizz Norrander, Administrative Assistant, 503-594-3203

The Criminal Justice Skills competitions have been designed using “real life” scenarios to afford serious students an opportunity to test their knowledge of the criminal justice system and law enforcement procedures.

**Please don't register unless you are committed to showing up on time.**

# EDUCATION/TEACHING

Yvonne Smith, Department Chair, 503-594-3207  
Lizz Norrander, Administrative Assistant, 503-594-3203  
Clackamas Community College

Area	Time	Room
Teaching	11:30 – 1:00	DeJardin 225

Some say teachers are born, not made. However, most people agree that good teachers have some basic qualities that are developed through experiences, education, and practice. These qualities include organization, knowledge of subject, ability to communicate to a variety of audiences, poise, enthusiasm, and creativity. This fun activity will allow you, as the ‘teacher’, to demonstrate some of these qualities while teaching a 5 minute lesson to the other student participants.

## Activity Information

1. Participants should plan to teach a short lesson on something that is particularly interesting, exciting, or informative to them. Examples might be:
  - How to properly swing a tennis racket.
  - How to throw a ball.
  - How to do a gymnastics move.
  - How to do a particular dance step.
  - How to sing a song in a foreign language.
  - Informational presentation (Example: basic horse safety, a cultural aspect of a group or nation, the three branches of government in the US, a mini-science project, etc)
2. Since you choose in advance what you will be teaching, there should be some preparation done prior to the day of the skills contest. Introduce your topic, present the lesson, and review or summarize what the audience has learned.
3. This ‘tiny teach’ should take about 5 minutes.
4. The lesson should include the use of at least one visual teaching aid.
5. Plan for some type of audience participation in your lesson.
6. The audience will be the other participants. They will be expected to assume the role of learners and to be engaged in the ‘lesson’.

## Judging Criteria

Judging will be based on a scale of 1-4 for each of the following categories:

- Organization
- Knowledge of subject
- Clarity/communication
- Poise/enthusiasm
- Creativity
- Effective use of visual teaching aid

Faculty from the CCC Education Program will judge each of the presentations.

**Individual Tuition Waivers Awarded** - First, Second, Third

# LEADERSHIP

Mindy Brown, Chairperson, 503-594-3041  
Clackamas Community College

Area	Time	Room
<p>Leadership</p> <p><i>This competition will be between <b>teams</b> of no fewer than four and no more than eight participants each. The task is to assemble, in the shortest time possible, a Lego figure that looks exactly like a model figure placed in the center of the room. Each team may spend as much time as it wishes planning to assemble the figure &amp; working together in whatever way it thinks will be most helpful in preparing to assemble and assembling the pieces. The time begins when the team indicates it is ready to begin assembly. Success will depend largely on the team's leadership and the extent to which it can function effectively as a group.</i></p> <p><b>Note: Only one team per school may enter the competition.</b></p>	9:00 - 11:00	Community Center Fireside Lounge

## Contest Rules:

1. At the beginning of the competition, the Lego blocks needed to complete the assembly will be distributed among the team members. Until the timed assembly period begins, the pieces must stay in front of the team member to whom they are given and they may not be exchanged, nor lined up in an orderly manner, nor fitted together in any way.
2. Only one person at a time may leave the team's work table to look at the model. The model may not be handled in any way, nor can the Lego pieces from the work table be taken from the work table at any time.
3. Time begins when the team indicates it is ready to begin. Each team will be observed by a timer/observer. When assembly is complete, timing stops and the assembled Lego figure is taken to the judge, who will check the figure for accuracy of assembly. If the judge finds an error, he or she will inform the team that the assembly is not correct, but will not indicate what the error is. When the incorrectly assembled Lego figure is returned to the team's work table, timing resumes until the team completes reassembly and the judging process is repeated.
4. The winning team is the one which has correctly assembled the figure in the shortest time.
5. Any rule violations noted by the observer will disqualify the team's entry. (Observers will try to prevent inadvertent rule violations, but are not responsible to do so.)

**No formal tuition waivers will be awarded for this contest.**

**Team prizes awarded** - First, Second, Third
